

VILLAGE MATTERS JUNE 2018

I thought June was supposed to be a quiet month. No Bank Holidays. No School Holidays. Just come home, sit in the garden or have a BBQ. Dream on! The reality is I have cut the grass several times, filled the green wheelie, cut the hedge inside and out, been to the tip several times with the excess greenery, planted out the runner beans, carrots, courgettes, tomatoes, lettuce, fed the birds and chased them off the vegetables equally, brought the garden furniture out and put it away, because it might rain overnight. Oh to be in England, now that summer is here!

Let's face, it complain as we may, there's no better place to be.
